IN THE HOUSE OF COMMONS.

LONDON, August 4.

In the House of Commons to-day, Mr. Ewing, Liberal member for Forfar Burghs, said the people of Scotland desired to repeal the Union. He would make every effort to obtain access to the Magdalena Bay coal depot, in order to secure a coaling station for the British navy. He would not, however, ask for the production of the correspondence relative to the recent war between the Americans and Fenians.

Thomas Milner asked if the government could inform the House what progress had been made in the negotiations in regard to Basil Wire Fencing, the exposure of moving properties of the island and town.

Mr. Gladstone replied that no difficulties still existed with the United States on the question, but Majesty's Government was unable to furnish any information at this moment.

The Government of 1866 had entered into a treaty with the United States on the subject, but Lord Milton was soon to submit a motion on the subject. He was glad to hear from the Chancellor of the Exchequer that he was about to introduce a measure to amend the present system of taxation. He thought it was high time that the income tax was abolished. The Government of 1866 had promised to do away with it, but had not done so. He hoped the Chancellor would not propose to increase the duty on tea. It was impossible at such short notice to say what would be the proposition of the Government on the Alabama claims.

THE CARLIST MOVEMENT.

MADRID, August 4.

It is reported that a formidable meeting of Carlists has occurred at Tortosa and Perth.

Official advices contradict the statement that two Carlist pretenders had been shot by order of the Council of War. Several bands of Carlists in different parts of the country have been routed within the past few days.

MADRID, August 4.

The Irish City Chronicle of July 31 says: "We have intelligence that hostile movements are being made by the Carlists in the north of Spain. From the number of men under the command of Don Carlos, it is evident that he intends to make a desperate effort to regain his lost position. The Carlists are said to be in good condition, and are well supplied with arms and ammunition. The Carlist leaders are confident of success."

IRELAND.

THE IRISH CHURCH.

The Fulton Case at Detroit.

Special Despatch to The Chicago Tribune.

DETROIT, August 4.

The Fulton case was brought up in the Circuit Court to-day, testimony of no great importance being elicited by the prosecution, when the counsel for the defendant moved to quash the indictment on the ground that the Court had no jurisdiction.

KANSAS

Resolutions Adopted by Settlers on the Line of the K. P. R. R.

LEAVENWORTH, August 4.—[Correspondence of the Commercial.]—A large meeting was held at Ellsworth to-day, for the purpose of protesting against the action of the Kansas Pacific Railroad Company in refusing to sell land to settlers except at the rate of $4 per acre. Resolutions were adopted declaring that the land was worth only $1.25 per acre, and that the company had received from the Government a donation of 6,400 acres per mile, and should sell to settlers at $2.50 per acre. Resolutions were also adopted declaring that the company had failed to comply with the conditions of the grant, and forfeited all claim to the lands.
